

MODEL ACTIVITY TASKS
CLASS – VI
ENVIRONMENT AND GEOGRAPHY

Answer the following questions:

1. Describe the experience of the lunar expedition team on the environment of the moon.
2. “The shape of the Earth can be most accurately described as *Earth Shaped.*” - Justify the statement.
3. Draw a circle and label the five important parallels of latitude with their values.
4. Why is the population density in the northern plains of your country very high?

Students will write answers to these activity tasks in subject specific exercise books at home, and submit the exercise books to respective subject teachers after schools reopen.
Under no circumstance, students will go out of home.
