

MODEL ACTIVITY TASKS
CLASS – VI
ENVIRONMENT AND GEOGRAPHY

Answer the following questions:

1. Name the planet which is spinning on its own axis from north to south direction and mention two characteristics of it.
2. Why is the international date line drawn zigzag crooked ?
3. Mention two characteristics of 'Kayals'.
4. Why is the Thar desert sparsely populated?

Students will write answers to these activity tasks in subject specific exercise books at home, and submit the exercise books to respective subject teachers after schools reopen. Under no circumstance, students will go out of home.
