

**MODEL ACTIVITY TASKS**  
**CLASS – XII**  
**GEOGRAPHY**

---

**Chapter: Geomorphic Processes**

**Answer the following questions:**

1. Explain the formation of Artesian well with suitable diagram. Distinguish between hot spring and geyser.
2. Briefly explain the causes of fluctuations of water table.
3. Mention the favourable conditions for the development of Karst topography.
4. Describe the landforms developed in limestone cave with suitable diagrams.

---

**Students will write answers to these activity tasks in subject specific exercise books at home, and submit the exercise books to respective subject teachers after schools reopen.**  
**Under no circumstance, students will go out of home.**
