

MODEL ACTIVITY TASKS
CLASS – VI
ENVIRONMENT AND SCIENCE

Write the answers to the questions given below :

1. Mention three differences between physical and chemical changes.
2. From what observations can you conclude that a chemical change is occurring ?
3. How does the sunbird help in pollination ?
4. Represent the steps involved in making curd at home with the help of a schematic diagram.

Students will write answers to these activity tasks in subject specific exercise books at home, and submit the exercise books to respective subject teachers after schools reopen.
Under no circumstance, students will go out of home.
